Moving Forward – Measures To Prevent And Reduce Incidences Of Forgotten Baby Syndrome

Moderators

Dr Satnam Kaur

Dr Mohamed Sidek Bin Ali

Chairperson
Dr V. Paranthaman

Forgotten Baby Syndrome occurs when a caregiver unintentionally leaves a child unattended in a vehicle, leading to tragic consequences. The implications are profound, both from a medical and legal standpoint. Therefore, it is essential for doctors and lawyers alike to be well-versed in this issue to offer support, guidance, and, most importantly, prevention strategies.
